INTRODUCTION

Universal Trade Centre Based in Kolkata, is one of the leading groups dealing in electrical products in the Eastern, Northern & Western part of India, for the last 50 years. Innovation and evolution, together has made us a leading player in the Electrical market. We offer unbiased service; research based and broad ranged fit-and-forget maintenance-free products and services. For our clients, this translates into superior product offerings delivered through long-term relationships. Some of the products we offer are Industrial Switchgears, Consumers Luminaries, Fans, Wires & Cables, LED's, CFL's and Domestic Appliances etc.

We at Universal Trade Centre, has a dedicated team of qualified, experienced, highly motivated professionals, as well as we also have a team of fresher who are fast learners and help us meet the target with zeal. We believe that human resource is one of our most important assets and value the same and hence we are able to provide quality and efficient service to our customers.

Our products are approved by all major Govt. & Semi Govt. Depts, Public and Private Companies in major parts of India. All our products are certified by B.I.S. Our Company is certified by UKAS Quality Management - ISO.
